Staff Spotlight: Lena's Next Chapter at Vet HQ

We are thrilled to celebrate Lena as she takes an exciting next step in her journey with Vet HQ. Lena has recently commenced her Certificate IV in Veterinary Nursing, and is now working within our hospital team as a nurse trainee, an incredibly well-deserved opportunity for one of our star employees.

Lena joined Vet HQ in 2024 as an Animal Attendant in Day Care, where she quickly became a much-loved part of the team. When Day Care closed in December last year, it was a bittersweet moment for both Lena and all of us. She truly loved her role and built beautiful, lasting relationships with both our dogs and their owners. Her dedication, warmth, and genuine care never went unnoticed.

Lena brings with her an impressive academic background, having completed a Bachelor of Science in Zoology and Geography at the University of Otago, graduating in 2020. Her passion for animals and learning has always been clear, and stepping into veterinary nursing is a natural progression.

A huge congratulation to our hospital team for recognising Lena's talent and welcoming her as a nurse trainee. Hospital were quick to secure Lena as part of their team, knowing she is a huge asset whose work ethic, attitude, and care for patients and clients will make a meaningful impact every day. We are confident she will be an outstanding addition to the hospital team.

At Vet HQ, we thrive on seeing our team evolve and grow, and we are incredibly proud of Lena's accomplishments. We can't wait to see what the future holds for her.
